Mr. President, your committee on Public Health and Welfare whose Chairman is Senator Cullan to whom was referred LB 94 instructs me to report the same back to the Legislature with the recommendation it be advanced to General File with amendments.

Mr. President. Read Notice of Committee Hearings found on page 483 and 484, Legislative Journal.

Mr. President, I have three proposed rules changes offered by Senator Fowler which will properly be referred to the Rules Committee.

PRESIDENT: We are ready for introduction of bills. We start with Request #810, Government Committee. Senator Keyes, we are ready for Request #810 for a bill introduction by the Government Committee and I am recognizing the Honorable Senator Orval Keyes who is approaching the microphone.

SENATOR KEYES: My good friend, the Lieutenant Governor of the Great State of Nebraska and fellow Senators, Allen Beermann brought this bill to me about five or six days ago, told me that in order to implement the laws of this state that have been put on the books and the laws of the federal government put on the books since the last time we were in session that he had to have this bill passed. This bill will allow him to implement all resolutions and all bills that have been passed back in Washington, fix it up so we can hold our election correct, and I ask for introduction of the bill. I might say, I asked him why it was late getting in and his answer was that just last week they got one of the regulations passed in Washington that affects election in Nebraska's laws. This is a bill that will help and work in accordance with Senator Newell-Simon's bill. Thank you ever so much.

PRESIDENT: Is there any further discussion on the introduction of Request #810 by the Government, Military and Veterans Affairs Committee? The Chair recognizes Senator Nichol.

SENATOR NICHOL: Senator Keyes, what did you say it did? Specifically, I mean.
